5. GENERAL UNDERTAKING

- 5.1 Autocross is a potentially dangerous activity that can result in serious injury or death. Participation in all aspects of the activity is voluntary. The ultimate responsibility for participant and vehicle safety lies with the participant, vehicle owner, driver, and crew members.
- 5.2 The participant agrees that by entering the event, he has had the opportunity to inspect the event site and acknowledges that the event site is safe and suitable for competition.
- 5.3 All drivers, competitors and officials participating in the Autocross Championship & or any other Autocross event, undertake, on behalf of themselves, their employees and agents, to observe all the provisions of these regulations.
- 5.4 It is the competitor's responsibility to ensure that all persons concerned by his/her entry observes all the requirements of the Code, the Technical Regulations and the General Prescriptions. If a competitor is unable to be present in person, he must nominate his representative in writing. The person having charge of an entered car during any part of an Event is responsible jointly and severally with the competitor for ensuring that the requirements are observed.
- 5.5 Competitors must ensure that their Vehicles comply with the conditions of eligibility and safety throughout practice and the race.
- 5.6 The presentation of a car for scrutineering is deemed an implicit statement of conformity to the regulations concerned.
- 5.7 All persons concerned in any way with an entered car, or present in any other capacity whatsoever in the paddock or on the track, must wear an appropriate pass at all times.
- 5.8 All/ Any particulars given at the time of registration should be true. It is the duty of each competitor to satisfy the Scrutineers and the Stewards of the competition that his automobile complies with these regulations in their entirety at all times during the competition.
- 5.9 Under the laws of the country, it is mandatory that any accident out of which a claim may arise be reported to the nearest police station.

CODE OF COMPETITOR CONDUCT

- b Vehicles must be presented for scrutineering at the times specified in the SRs, with any previous Scrutineering tickets removed. Any Competitor not reporting as instructed may be fined, excluded or may forfeit any claim to a favourable starting position
- c Passing pre-event scrutineering does not in any way infer that a vehicle complies with the technical regulations.
- d Additional checking / scrutineering (of crew members as well as of vehicles) may be carried out at any time during the event.
- e At all times during the Event, the competitor is responsible for the technical conformity of his vehicle. The fact of presenting a vehicle for scrutineering is considered as an implicit statement of conformity.

14.4 SEALING AND MARKING

- a In order to prevent the engine, gear boxes, body shell and other restricted components from being changed without authorization during the event these items will be identified by the Organizers at pre-start scrutineering using a wire and special marked seals and/or paint.
- b Missing marks will result in immediate disqualification. Any fraud discovered, or an attempt made to present as intact identification marks that have been retouched, will result in disqualification of the competitor from the event as well as that of any entrant or competitor who has helped / been involved in carrying out of the infringement. This will not prejudice any demands which may additionally be made to the Competitor's or accomplices National Sporting Authority concerning the imposition of heavier sanctions.
- c Using of spare gearboxes, engines are permitted provided they have been identified by the scrutineer at pre-event scrutineering using a wire and special marked seals and/or paint. The Vehicles should be presented for re-scrutineering along with the

original marked component after the said changes have been made and measure up to all safety standards as prescribed.

14.5 POST EVENT SCRUTINY

- a Post event Scrutineering will be applicable at the discretion of the Scrutineer
- b After completion of the course by one group/class, the best timed 3 competitors will be requested to proceed to Parc Fermè for 30 minutes after the publication of results and then a scrutiny conducted if required. If any technical infringement is found on any car, that competitor will be disqualified and the next best timed person scrutinized and awarded the time/Placement.
- c The location of the post event activity will be notified.

15. DRIVERS BRIEFING

- 15.1 A compulsory Drivers Briefing will be held as per schedule.
- 15.2 Course walk for all entrants will be allowed to walk the course when no vehicle is on track. There is no fixed schedule for this activity. It is preferred however that a time should be prescribed by the Organizer in the event Supplementary Regulations or in the form of a Competitor Information Bulletin (CIB) No one will be allowed to take a free practice lap.

16. CIRCUITS: BOTH TARMAC AND GRAVEL

- 16.1 The figure above is a sample simplified graphic illustration of a twin track with a cross over bridge. All tracks need to follow the prescriptions listed here under.
- 16.2 Characteristic Length (measured along the centre-line of the course from start line to finish line): minimum 600; (This is compulsory) and a maximum 2400 m. The track will be a twin car track or a single car track with adequate width. *Maximum 2 laps can be run in 600 metres or more. Minimum width of the track should be 3 metres per car*

- 16.3 Composition: A flat or undulating circuit on natural terrain with any kind of sealed or unsealed surface (no ditches or water crossings). A sealed starting area may be constructed. If possible this sealed area can be extended for 25 metres after the start line, provided that it does not constitute a part of the course. The course must be clearly marked. In addition to watering, anti-dust treatment is obligatory.
- 16.4 Start: The Start must have a minimum width to accommodate 2 Vehicles next to each other in the case of a twin car track which continues up to and through the first bend and must be able to accommodate both Vehicles on the grid on the same surface. There must be at least 80 m of straight from the start line to the first bend. The Start/Finish procedure will be through Beams or Stop Clocks.
- 16.5 Longest Straight: 200m. Straights more than 150 m long must be followed by a bend having a maximum radius of 25 m and resulting in a change of direction of at least 30°, the measurements being calculated from the centre-line of the course or placement of a chicane with cones or markers at least 50 metres before the end of the Straight. Straight stretches more than 200 metres in length will not qualify for any status events.
- 16.6 Marking: Should there be a deviation in the course (e.g. an artificial chicane included reducing speed), this must be marked in an obvious and entirely unmistakable way.
- 16.7 SAFETY
- a Organisers will ensure that the event conforms to the highest standards of Safety and at the very least ensure the following: Also refer Appendix – 3 of this GP
 - b A Barricading around the track to ensure that the spectators are not endangered by a race vehicle.
 - c At least 2 Foam Type Fire Extinguishers of 4 Kg each will be placed at the Start & a similar number will be placed at the Pits area.

- 17.1 The event may be run either as a twin track with a cross over bridge in which 2 competitors can race together. In case a cross over bridge is used, the speed of entry into the bridge should be restricted by providing a chicane with plastic cones or markers to less than 10 KMPH. A single track may also be used on which competitors are required to race individually.
- 17.2 QUALIFYING (If Applicable)
- a All contestants would be timed over the complete laid down circuit. Any penalties incurred by them would be added to the time taken and the total would constitute their qualifying time.
 - b In case time & conditions permit, each competitor may be permitted additional qualifying runs upto a maximum of 3 runs. In this case the better of the three timings would count as the qualifying time.
 - c In case of a twin track, the fastest 16, 8, 4 or 2 as applicable Vehicles per class shall be chosen for the pre-quarter finals. In case of a single track this restriction need not apply

- d The organizers would determine this cut-off number based on the total number of participants in the class broadly ensuring the cut-off at about half of the total participants in the class.

17.3 FINALS (If Applicable)(Twin Track)

- a All races from the Pre-Quarter onwards would also be run on a timing or knock-out basis. The event SR should specify the format
- b The track may be changed / altered or the number of laps may be increased or reduced between qualifying, pre-quarter,quarter,semi-finals& Finals
- c From the quarter finals, onward two Vehicles will be started at the same time by means of an audio/visual signal.
- d In case there are fewer Vehicles the pre-quarterfinals may be substituted by quarter finals, semi-finals/finals (if applicable) or any other similar round that the organizers may decide on.
- e These participants would be required to make additional runs.
- f Vehicles will only race with other Vehicles of the same class/amalgamated class in the case of a twin car track.
- g The draw for the pre-quarter final rounds onwards will be based on the qualifying timings and will be as follows.

Pre quarter finals – 8 races

- a Post qualifying, the qualified competitors will be given an opportunity to race again.
- b The Track may be changed and / or altered or the number of laps increased or reduced post qualifying for subsequent races.
- c The classification will be based on the timings posted by the competitor in this round.

17.5 START/FINISH:

- a All vehicles will be started from a standing start with the engines running. One car at a time in case of a single track or two Vehicles at a time in case of a twin track. The start order & time would be at the organiser’s discretion.

- b The Starting order for the qualifying runs (if applicable) will be on a mixed basis. The Starting order for the final (if applicable) rounds will be published.
- c The scheduled time for the races will be announced. It is the competitor's responsibility to be present with his vehicle when his name is called. In case the competitor with his vehicle does not present himself at the start line within 5 minutes when called then a No Show will be recorded and the opposing competitor will be declared the winner.
- d The finish line will be clearly indicated.
- e A run is counted once the car has crossed the start line on its own engine power.
- f Start will be given with a Manual count down or with Starting lights.
- g Each car and each run will be individually timed.
- h False Start: If an entrant makes a false start, penalties as specified herein will be applicable.
- i Only a walk-in inspection of the track after the driver's briefing is allowed. It is strictly prohibited to drive on the track for a recce and can lead to disqualification of the said competitor/team

17.6 STOPPING THE RACE

- a A Red Flag signal will be given to stop the race at any time including any safety reasons. No other flag signals are given.
- b In case of Accidents and Technical failures, the entrant will be ruled as DNF (Did not finish)
- c Reruns will be granted only for timing failure, red flag or other situations at the discretion of the COC in consultation with the Steward/s if required and will not be given because of mechanical or other failure of the competitor's car.
- d The track marshal, may at his discretion stop any competitor and mark him as a DNF under the following circumstances
 - The competitor is taking an abnormal amount of time.
 - The competitor is persistently deviating from the defined course.
 - The competitor is driving in a reckless and dangerous manner.
