

## HAMILTON TAKES PRIVATE JET TO MIAMI, CELEBRATES TITLE

✓ Lewis Hamilton didn't waste any time celebrating his fourth Formula One world title, jetting off to Miami immediately after his historic triumph at the Mexican Grand Prix.

And intent on making it a night to remember, the Mercedes superstar boarded a private jet to America — and was joined by his friends and family. In

videos posted on his Instagram story, Hamilton enjoyed his latest F1 world title triumph with his closest friends and family. He was joined by his mother Carmen, who was present at the Mexican Grand Prix to watch him make history.

Hamilton was in a relaxed mood as he celebrated his victory en route to America with his godson Hiero, who he refers to as Darth Steve, on the plane.

It is believed Hiero is the son of Hamilton's close friend Yuko Fredriksson, a make-up artist who was also part of the travelling party. And, after arriving in the US, the 32-year-old driver danced the night away at glamorous nightclub Liv Miami.

In true Formula One style, Hamilton had bottle service — and the nightclub congratulated him by holding up electronic placards in a show of respect to the Brit.
