5. INSURANCE

5.1 Insurance cover with FMSCI Permit

Competitors : A maximum of 250 competitors with valid FMSCI Competition License participating in various events across the Country on a given day are covered for Personal Accident Insurance for Rs. 5 lakhs with Rs. 5 Lakhs medical expense extension per person.

Officials : A maximum of 100 officials officiating in various events across the Country on a given day are covered for Personal Accident Insurance for Rs.25 lakhs with Rs.1 lakh medical expense extension per person.

5.2 Third Party Public Liability Insurance taken by the FMSCI

The FMSCI have taken a third party public liability for Rs.5 Crores incurred during the running of the rally for injury to third persons or damage to public property.

5.3 Exclusion of Insurance Cover

The Service and Reconnaissance vehicles, even those bearing Special Plates supplied by the organizers are never considered as official participants of the Rally. They are therefore not covered by the Insurance Policy of the Rally and will remain the sole responsibility of their owners.

5.4 Accident Reporting

If a driver taking part in a rally is involved in an accident in which a member of the public sustains physical injury, the driver concerned must report this to the next radio point as specified in the road book and signposted on the route according to Article 3.3.3 of GP. If he fails to observe this rule, the Stewards may impose on the crew responsible, a penalty which may go as far as disqualification. The laws of the country must also be complied with in relation to procedures at accidents.

5.5 Rally Cover Insurance for Competing Vehicles

The competing vehicles must possess **Rally Cover Insurance valid from 30th & 31st January 2021.**

6. ADVERTISING AND IDENTIFICATION

6.1 Competition Numbers, advertising and Driver's and Co-Driver's names

These will be in accordance with Articles 18, 19 of the **2020** FMSCI General Prescriptions for Stage Rallies and Specific Regulations for INRC.

6.2 Organizers optional advertising

These will be in accordance with Art.18.2.1 of the **2020** Specific Regulations for INRC.

6.3 Space for Organizers optional advertising

Space for the Organizer's advertisement must be reserved on the car, unless the higher entry fees as per Art. 4.5 are paid.

6.4 Advertising in Service Park Bay Area

Display of advertisements by teams & participants, in their respective Service Park Bay Area, must be confined to the inner walls of the Bay. Any advertising space other than the inner walls will need the prior permission of the organizer's and cost Rs Rs.4,000/- per bay (2 days). Organizers shall have the discretion to refuse or cancel permission at any point in time.

7. TYRES

7.1 Tyres Specified for use during the rally

Tyres shall conform to Appendix IV of FMSCI General Prescriptions.

8. FUEL

Free as per **2020** Technical Regulations for Rallying.

9. RECONNAISSANCE

9.1 Procedure for Registration

Crews must report to Rally Headquarters for registration prior to commencing reconnaissance. They must submit details of the reconnaissance car.

Each crew will be issued with two vehicle identification cards which must be displayed on the top of the co-driver's side of the front windscreen and on the co-driver's rear side window during reconnaissance, and a pass valid for up to TWO passages over each special stage. This pass must be carried in the reconnaissance vehicle, shown to and endorsed by an official at the start and finish of each special stage during reconnaissance.

9.2 Specific and /or National Restrictions

- 9.2.1** For all competitors reconnaissance will be carried out in accordance with the FMSCI General Prescriptions with a maximum of 2 passes over every stage in accordance with the reconnaissance schedule given in Appendix II.
- 9.2.2** Reconnaissance outside the schedule will be considered a very serious offence and will be reported to the Stewards who may apply sanctions.
- 9.2.3** Reconnaissance will be conducted strictly in accordance with the published schedule. No late entry into a stage for reconnaissance will be permitted.
- 9.2.4** Maximum speed allowed on all special stages during reconnaissance is 45 Kmph except Super Special Stage.
- 9.2.5** Crews must have the vehicle headlamps switched on while travelling on special stages during reconnaissance.
- 9.2.6** Crews are only permitted to enter a special stage from the start points shown in the road book and will NOT under any circumstances drive in a direction opposite to that of the rally, unless instructed by an official of the event.
- 9.2.7** Crews must stop at the Start and Finish (and other locations where instructed) of the stage where rally official will endorse the crew's reconnaissance pass card.
- 9.2.8** Penalties for excessive speed
Refer Art. 20.2 of the **2020** FMSCI General Prescriptions.
Speeding during Reconnaissance will incur a fine applied by the Clerk of the Course as follows
Per Kilometer per hour over the limit : Rs 5,000/-
Other traffic infringements during reconnaissance will incur a penalty applied by the Clerk of the Course according to article 20.4.4, 20.4.5 and 20.4.6 of the FMSCI General Prescriptions.
The amount of fine will be unaltered by any fine imposed by Police.
Fine will be doubled in case of second offence.

Sunday 31st January 2021 @ 14.30 hrs

Venue : Service Park, Vinayaga Mahal, Kethanur.

A representative of the entrant as well as mechanics with appropriate tools (in case of dismantling) must be present at the final check.

16. PROTESTS & APPEALS

16.1 PROTESTS

The protest fee is Rs.18,000/= + 18% GST. Total Rs.21,240/= for National Championship

The Protest fee is Rs.12,000/= + 18% GST. Total Rs.14,160/= for Cups, Challenge and Series

If the protest requires the dismantling and re-assembly of different parts of a car, the protestor must lodge an additional deposit. The additional deposit for a protest involving a clearly defined part of the car (engine, transmission, steering, braking system, electrical installation, bodywork, etc.) Rs. 11,800/= (including GST) per part.

The expenses incurred for the work and by the transport of the car shall be borne by the claimant if the protest is unfounded, or by the competitor against whom the protest is lodged if it is upheld.

If the protest is unfounded, and if the expenses incurred by the protest (Scrutineering, transport, etc.) are higher than the amount of the deposit, the difference shall be borne by the claimant. Conversely, if the expenses are less, the difference shall be returned.

Note: all fees are inclusive of taxes applicable in India.

16.2 APPEALS

Appeal Fees : Rs.96,000/= + 18% GST. Total Rs.1,13,280/=

Competitors may appeal against decisions, in accordance with the stipulations set out in Articles 15.1 of the Code.

Competitors have the right to appeal against a sentence or other decision pronounced on them by the Stewards of the meeting. They must however, under pain of forfeiture of their right to appeal, notify the Stewards of the meeting in writing within one hour of the publication of the decision, of their intention to appeal.

The right to bring an appeal to the FMSCI expires 96 hours from the moment the stewards are notified of the intention to appeal on condition that the intention of appealing has been notified in writing to the stewards within one hour of the publication of the decision.

This appeal may be brought by fax or by any other electronic means of communication with confirmation of receipt. Confirmation by a letter of the same date accompanied by the necessary fee is required. The FMSCI will give its decision within a maximum of 30 days.

All parties concerned shall be given adequate notice of the hearing of any appeal. They shall be entitled to call witnesses, but their failure to attend the hearing shall not interrupt the course of the proceedings.

The confirmation of an appeal to the FMSCI must be accompanied by a fee of Rs.96,000/- +18% GST. Total Rs.1,13,280/=.

This fee becomes due from the moment the appellant notifies the Stewards of the intention of appealing, and remains payable even if the appellant does not follow up the declared intention to appeal.

If the appeal is rejected or it is withdrawn after being brought, no part of the fee shall be returned.

If judged partially founded, the fee may be returned in part, and its entirety if the appeal is upheld.

If it is proved that the author of the appeal has acted in bad faith, the FMSCI may inflict upon them one of the penalties laid down in the Code.

Appendix I : Itinerary

ITINERARY

DAY - I						
Saturday 30th January 2021				Sunrise : 06.45 hrs Sunset : 18.24 hrs		
TC / SS	LOCATION	SS Dist.	Liaison Dist.	Total Dist	Target Time	First Car
0	START					10:00
1			6.03	6.03	00:15	10:15

COVID 19 & OTHER SAFETY GUIDELINES

- Social distancing to be maintained in all areas.
- Wearing of Face mask is mandatory for all competitors, service crews, officials, marshals etc at all areas.
- All to posses sanitizers including all service/scrutiny bays, rally office, start/finish controls etc.
- Wearing of mask and sanitizing of hands signage at all major points.
- Advised to stay indoor during off hours.
- Advised not to visit pubs.
- Scrutineers to wear surgical gloves & Face masks while checking cars. After checking of each car they must change their hand gloves and dump in a designated bin. Crews accompanying the car for scrutiny must also wear Face mask and sanitise their hands at entry point of scrutiny bay.
- Marshals endorsing in competitor's time card must sanitise their hands after each endorsement. This should be strictly followed.

All above are subject to changes and further inclusions

Annexure 1 : Safety Tracking System

Track Race Safety Tracking

About the System

Track Race is a vehicle communication system that automatically transmits warnings and vehicle status data from car to Race Control as quickly as possible

The use of Track Race for these events is based on their use of a reliable GSM network and GPS satellite network, the system's ability to relay status and location through efficiently.

Installation of the System

There is a detailed installation guide attached, here are some KEY items you should be aware of.

Installation Kit: The car installation kit has to be purchased one time by the competitor for the INRC season by contacting the Track Race team. You will receive a kit that consists of the wiring loom, Console kit with buttons for SOS, OK and yellow flag. This needs to be installed in the car well in advance. The units provide screw mounting holes to mount if you want to prepare your car ahead of time and use a better mounting location.

FULL TIME Power: The units need to run full time power, not switched power. The power lead for the unit is about two meter long.

Unit Placement: The ideal location for the unit is in the centre of the car. **It is crucial that the unit is visible to the co-driver while on stage.**

Understanding the unit

It is important to understand that Track Race does NOT replace the normal rally procedure. You must still display an OK sign if you're OK and you must still SEE an OK sign before continuing past a car stopped on stage. When you approach a car stopped on stage or your car is stopped on stage, here are the options you will see.

S.O.S. (Red – Toggle Switch): This means the crew is **NOT OK and needs help. YOU MUST STOP.** The SOS is automatically selected in a high energy impact. **If you are the first car to stop at a SOS and confirm it is a RED CROSS situation, manually upgrade to SOS status on your unit as well.** Continue following normal procedures and send information on to the next radio point. If you are stopped in stage and require immediate assistance activate the SOS button.

Hazard (Yellow – LED with Buzzer): This means there is a Hazard on the stage ahead. **This COULD mean the stage is completely blocked** and you may have to stop. This is the default status when a car stops on stage.

OK (Green – Momentary push switch): This means you are OK and the stage is clear for following cars to continue. Press and hold upto two seconds to confirm. The OK button can be used to acknowledge when a Hazard flag is received on the console.

Collecting/Returning the Tracker Units

The tracker units should be collected from Track Race team by paying a security deposit during documentation or before scrutiny. We will collect back the tracker units at the end of the event.

Please be prepared to disconnect the power wires to the unit. The security deposit will be refunded when the unit is returned sealed and in working order.

Track Race Car Installation Kit Components

The Track Race Car Installation Kit includes:

- Track Race Installation and Car Installation Kit Instruction Sheet;
- 12V wiring loom with plug and inline fuse
- Console kit having SOS, Hazard and OK switches and alert buzzers.

(Contents may not be identical to the picture shown)

(The Track Race Tracker Unit is not a part of the Car Installation Kit and will be available at documentation or scrutiny)

12 Volt Power Supply (Please read this carefully)

Track Race requires a continual reliable power supply from 9 to 24 volts DC, for your safety and continuity of service, it is imperative that the unit is connected to an un-switched supply on the

battery positive terminal or the battery positive side of the isolation switch, insure that power is supplied to the unit at all times. Do not use an ignition switched power supply. We recommend that a 5 amp (Max) blade type or similar quality fuse is used at the battery supply end of the Track Race power lead.

0 volts or Battery negative can be picked up at any suitable earthing point providing the isolation switch does not switch the negative side of the battery.

The Track Race unit has an internal battery that is kept charged via the cars power supply, it is only there as a reserve supply to power the unit in an accident situation where the cars power supply is interrupted. ie: car battery smashed or dislodged.

As the Track Race unit is aware of movement and its location; it will automatically go into power save/sleep mode 15 minutes after no movement is detected, however, the unit will continue to function is when it is sending Hazard type signals while on stage. The unit will be "woken" up by pressing any button or by movement of the car.

Connection Diagram.

Photo of Connections and Terminals

A minimum of 100mm of TrackRace Power Supply Cable and Console cable should be left at the unit mounting location for connection to the unit.

Unit Mounting

The preferred mounting method for the Track Race Console unit is bolted through the dash (with a 3mm aluminum backing plate), in a protected central location, easily seen and accessible by both the driver and co-driver/nav. Photographs of the best mounting options and positioning are below. An alternative mounting method for the Track Race Console unit is on the roll cage.

The Track Race Tracking unit should be mounted in center of the dashboard towards the windshield with wires preferably coming from the left side of the dashboard.

These photos are an example of Preferred Method, Dash Board positioning.
