

Dear Competitor,

The FIA World Motor Sport Games is scheduled to run from the 26th of October to 30th of October, 2022 at Circuit Paul Ricard and Marseille.

This year there are 16 disciplines for the Games and the FMSCI would be looking at the option of sending eligible Driver's/Teams in the disciplines that has been announced by the FIA.

If you are interested to take part in the discipline of your choice, we request you to send in your detailed **Motor Sport resume** and what makes you qualify to represent Team India on behalf of the FMSCI, on or before, **Wednesday 25th of May, 2022**.

You are also requested to confirm that you will have the required sponsorship/budget to participate if selected. The same will be put forth to the respective sporting commission for a decision which will subsequently then be approved by the council.

Please note that for certain disciplines the vehicle is provided by the FIA and for certain disciplines the driver needs to organise his/her own as per the regulations. The attachments will give you all the information on the above as well as the approximate budgets that the nominated drivers will have to find.

The Secretariat will contact the final nominee and if they are agreeable to the requirements laid out, will confirm their participation.

Please find attached the following:

- 1) The detailed Presentation regarding the Games.
- 2) The details regarding the Disciplines.

Do send in your details to sporting@fmsci.in with a CC marked to info@fmsci.in

Do write to the above mail id's in case of any questions/clarifications.
