

IDEMITSU Honda Racing India team's riders Rajiv Sethu and Senthil Kumar showed massive improvement in the 3 practices of Round 4 of FIM Asia Road Racing Championship (ARRC) in Suzuka on Friday. In his 3rd year at ARRC, Rajiv has come of age. In FP1, his best lap time of 2:30:826 was just a mere 1 second off from lead rider Andy Fadly in the first practice. Overall in 3 FP sessions, Rajiv closed in Top 10 riders with his lap time of 2:30:826. If the first 3 rounds of the AP250 class are anything to go by, Rajiv is now a serious competitor. Rajiv has climbed 14 ranks from his 2018 season position of 28th to 14th rank with 22 points.
