

## 2024 General Prescriptions applicable to all FMSCI 4W Racing Competitions run on Circuits

### 28. Weighing

#### B. After the race

##### EXISTING

Should the weight of the Automobile be less than that specified in the Technical Regulations when weighed under **A** or **B** above, the Automobile and the Driver will be disqualified from the Competition save where the deficiency in weight results from the accidental loss of a component of the Automobile due to Force Majeure duly accepted by the Stewards.

##### AMENDED

Should the weight of the Automobile be less than that specified in the Technical Regulations when weighed under **A** or **B** above, the Automobile and the Driver will be disqualified from the Competition (i.e. that specific session of Qualifying or Race) save where the deficiency in weight results from the accidental loss of a component of the Automobile due to Force Majeure duly accepted by the Stewards.

Reason : To clarify what a "Competition" means as per the FIA Sporting Code.
